

IC Specifications

- IC Protocol:ISO/IEC 18000-6C
- ISO Typical Operating Frequency:860-960MHz
- Chip:Monza R6-P
- User Memory:64 bits
- Operating Temperature:-40°C/+85°C
- Storage Temperature:-40°C/+85°C

Antenna Design

- Aluminum Etching/10 μm
- Substrate: PET/50 μm

Wet inlay Layout and Dimensions

Wet inlay Composition

Packaging

	2,500 pcs/roll with 3 "core 1 meter leading silicon paper at the beginning and ending of roll
	1 roll/inner case 160*160*70mm
	10 inner cases/master ctn 360*170*390mm
